Projects

Personal Portfolio
Technology : HTML, CSS, JavaScript

It is my personal website to improve user experience and showcase my skills, education and work. Implemented a modern and responsive design with a focus on clean aesthetics and intuitive navigation. For Developing this website from scratch using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and mobile responsiveness.

E-Commerce Website
Technology : HTML, CSS, JavaScript

An e-commerce website is one that allows people to buy and sell physical goods, services, and digital products over the internet rather than at a brick-and-mortar location. Through an e-commerce website, a business can process orders, accept payments, manage shipping and logistics, and provide customer service.
